Mr. and Mrs. George Jones, Mrs.

visited Aunt Mollie Brann Sunday
morning. At the end of a week's
meeting in Water Valley, Rev. Wes-
ley Jones had conducted, he with
his grand-parents, George Jones and
wife returned to Tulsa Okla.

Our Aunt Sallie Starks, blind and
81 yrs., of age, fell off her porch
Wednesday. No bones broken the
doctor states, but bruised and hurt
in back and hips. We trust no ser-
ious injury from the fall and trust
she soon is up again.

The baby of Check Bennett is not
doing so well. They have put it on
a formula. Hope the change will
help.

Mrs. George Cannon of Boston,
Mass., is consigned to a long period
of rest for her nerves, we have
learned recently. We trust she is
greatly benefited by it. We think
of you Rita, quite often and won-
der if you have forgotten us.

The R. E. A. electricity was turned
on July 9th at 3:30 p. m. Every-
body happy over the event as it
was 3 years coming through.

Mrs. G. W. Brann and Mrs. E. C.

J. C. Foster is not so well. These
pesky weeds irritate him. Don't
know exactly who won out, both
are sick. The weeds are slowly go-

fact, and we trust he feels better
again soon.

These are hot hectic days for the
farm folks. Haying season is here,
but we don't see any Maud Muller

meadow sweet with hay for it is all
black berry season and with sugar

*In the last 12 years we have used***2,979,320***Tons of Kentucky Coal*

That is enough to provide 10 tons of coal for every dwelling in
four cities the size of Louisville, enough to insure a full year's employ-
ment for 2,383 miners, enough to fill 59,587 coal cars whose hauling
made thousands of man-days of work for Kentucky railroad employees.

BUT THAT'S ONLY THE BEGINNING!*During those same 12 years*

- 1.** We paid \$14,216,021 to our stockholders. Of this amount \$11,253,882 went to preferred stockholders—5,731 of them Kentuckians. Less than \$3,000,000 (about \$250,000 a year) went to common stockholders.
- 2.** We spent \$15,986,095 for new construction in Kentucky—not counting payroll or regular maintenance.
- 3.** We paid \$1,341,720 in employee retirement funds and insurance—voluntary contributions to employee security.
- 4.** We paid \$25,294,322 in salaries and wages to our employees. They, in turn, spent most of this locally.
- 5.** We paid \$20,457,092.61 in Taxes Federal, \$11,412,090.85; City-County-Schools, \$6,607,143.87; State, \$2,437,857.89.

The dollars and cents story told by these figures does
not begin to show the value of industry to Kentucky.
The real story should be told in terms of human values
—of employment, of the schools, roads, and state institu-
tions made possible through the taxes paid by Kentucky
industries and their employees. In addition to these

millions of dollars poured into the economic life of
Kentucky, we have also contributed, through electricity,
to the comfort and conveniences of our fellow men. Be-
cause of these accumulative benefits, the governing
bodies of our state should encourage and help the growth
and development of Kentucky's tax-paying industries.

BASEBALL

FORE and 'AFT

By George

Dear Baseball Fan,

What a road trip this has been! We not only beat Owensboro one time but we snuffed them out completely in that game with a score of 5-0, on Tuesday night, Ed Engle came thru with another shut-out. All last season, the Chicks were defeated in every game in the Owensboro park. They were victorious in only one game, and that was during the play-off series. Tuesday night's win over the Oilers was the first victory for the Chicks this season in that fair city. We hope to repeat the performance in the future.

The Keg, Fulton's busiest information center while the boys are on the road, was buzzing with telephone calls from all over, asking about the score. Dusty Rhodes' home run, and Propst's four hits, along with Buck's three, were the evening's conversation. The fact that Cooper was the losing pitcher was also something to brag about. Cooper was undefeated last year, and had been this year until Hopkinsville mowed him down two weeks ago. Cooper is the younger brother of the Major League's Mort and Walker.

The vacation trip to Reelfoot Lake was highly successful. It included card games, community singing, fishing, rowing, et cetera. The fishing trips netted twenty four fish, eight turtles, ten overdoes of sunburn, and over seven hundred mosquito bites (proof positive). Dr. Pechous sent a supply of itch and sunburn remedies, and they strictly came in handy.

Probably the most remembered part of the trip was when Jack Williams and Whitey Lynch immediately "double pinched." It was almost like having one of the boys elected to Congress.

Ever smell Cat-fish Lure? Poor Hal Seawright, after being short-sheeted, was awakened by the smell of an open can of it beside his bed.

There were pantomimes, a mock baseball game by the wives, (just no end of talent in this family), and K. P. for all. Not K. P. Dalton; Kitchen Police. It was a well deserved and a very well enjoyed vacation. Here's to more frequent and longer days off.

During the past week, two things have happened which have saddened the Chick family. One was the illness of Pete Peterson. Pete sprained his ankle in a game last week, and was unable to play in the All-Star game. On the way home, he complained of his throat hurting. Dr. Glenn Bushart hospitalized him for

a few days, explaining that it was due to an abscess behind the tonsil. It was no major operation, but Pete was under the knife early Sunday morning. He was released from the hospital on Tuesday, and in all probability will return to Fairfield to play in Sunday's game. The other thing which has added gloom is the release of Shublom Chick pitcher.

The Shublom's, Walt and Lil were very dear to the players and their wives. Always in a good mood, with kind words for everyone, the "Rudy Boot's" will certainly be missed. They plan to stay in Salina, Kansas with Walt's family for a few weeks, and then move to Bernice, Mo., where they will visit Rev. and Mrs. Sam Pulliam, Lil's parents. From there, it will be Cape Girardeau, where he will attend school. They both have our best wishes for the future, plus an added little wish from myour truly—I hope it's a boy, Lil.

This space is dedicated to Mrs. Joe McAllister. The Chick wives hereby express their gratitude for a very lovely evening while the boys were in Owensboro.

Two additions to the already well-balanced Chick squad are Hubert "Meathead" Hardcastle, and Jack Litzensfelder. Hardcastle is a left-handed pitcher, purchased from Clarksville, while Litzensfelder is new to the game. Seventeen years old, Jack did fine in his first organized baseball game... even hit a double to help us out. Joe Lis is particularly glad to see the new catcher. In dire need of help behind the plate, especially for Sunday double headers, Joe welcomed him with whole-hearted anxiety. If you've noticed Lis smiling even more than usual, you'll know that "Little Joe" is the cause of it all.

Last week, I told you Baseball Fans to write in and ask personal questions you'd like to know about the Chicks. One this week was about little Mary Beth Biggs, daughter of Manager Freddy Biggs and his wife, Shirley. Mary Beth suffered dislocation of the hips from birth. She spent ten months in a cast, and has been wearing braces since February. She is under the care of one of the best bone specialists in the country, and latest reports are that her X-Rays are as perfect as any the doctor has ever seen. She is getting along very nicely, and her parents, as well as the team and the doctors have every hope for her recovery. With a smile, and eyes like that little girl's there just isn't any question about hope springing eternally.

Your questions are more than welcome, and I thank the person who inquired about Little Miss Biggs. I could tell by your glances at ballgames that you wondered, too.

I'll see you again in next week's issue. If you like this column, write and tell me so. If you don't... wellllll, just grin and bear it. Loquaciously yours, George

Mr. and Mrs. Leon Browder and son, Jack are the guests of relatives in Bristow, Okla.

Mr. and Mrs. Ray Driskill of Tiptonville, Tenn., were Sunday guests of her parents, Mr. and Mrs. R. S. Campbell in Riceville.

FULTON, KY.

CRUTCHFIELD

Mrs. Ira Sadler

Well, here is your correspondent back on her job after having been on the sick list for the last two weeks.

Mrs. James Thompson and son, Gene Darwin are spending this week with her parents, Mr. and Mrs. Perry of near Martia.

Mr. and Mrs. LeRoy Elliott of Fulton spent the day Sunday with his parents, Mr. and Mrs. John Elliott and attended the funeral of Mrs. Melba Elliott.

Miss Helen Sue Foster of East St. Louis, Ill., Mrs. R. A. Brown and daughter, Donna Sue, Mrs. Ira Sadler, Mrs. Burnie Stallins and daughter, Mildred spent the day on Wednesday of last week with Mrs. Claton Kyle and Mrs. Gerald Kyle, the former Hilda Sue Stallins, near Harmony church.

Mrs. J. W. Noles and daughter, Ida Carol visited Mrs. James Thompson and son on Wednesday afternoon of last week.

This community was saddened by the death of Mrs. Melba Elliott, who passed away last Saturday morning at the Fulton hospital, after a lingering illness. Mrs. Elliott was a member of the Baptist church here and also a member of our Crutchfield P.T.A., and until ill health prevented, she was always there with a smile to do her part. We all extend our deepest sympathy to the family.

The Pied Piper of Fulton

(With apologies to Robert Browning)

Fulton City's in Kentucky,
Near the famous buried city,
The Mississippi deep and wide
Washes its bounds on the western side;
A pleasanter spot you never spied.But when begins this ditty,
It was only several days ago,
To see the townfolk suffer so,
From vermin, was a pity.Rats!
They ate the grain and spurned the cats,
AND BIT THE BABIES IN THE CRADLES.
And ate the cheeses out of vats
And licked the soup from the cooks' own ladle.At last the people in a body
To the County News came flocking;
"Tis clear," cried they
"We need somebody;
"As for our homes—its really shocking,
"We buy nice things with all our earnings
"And yet we don't and won't determine
"What's best to rid us of our vermin."It's easy to bid one rack one's brain—
We're sure our poor head aches again,
We've scratched it so, and all in vain,
Oh, for a plan, a plan, a plan.So friend, we're not the folks to shrink,
From the duty of doing our share, we think,
For, as a matter of money to put in the poke
We're ready with ours and others have spoke
That they will give theirs and its not a joke,
Besides our losses should not make us thrifty.
We are but one, what we need is fifty!Roundhouse

Hello Folks! Here we are again with the news from your IC Station. The news we look for the News. Well, our safety rule of the week is Rule 37: "When water is to be taken from penstocks, the man hole must not be opened until the penstock has been pulled around to position. Replace manhole cover before returning penstock to normal position."

Now with the news. Flash! Traveling Engineer Tip Nelms and family are spending their vacation fishing.

Fireman A. B. Stoker and wife spent the week end in Birmingham, Ala., visiting relatives.

Trainmaster Fitzpatrick is in Grenada, Miss., relieving Trainmaster H. L. Williams for 2 weeks while Mr. Williams is on his vacation.

Machinist A. Matheny is on his vacation.

General Foreman M. M. Matlock spent the week end with his family in Paducah, Ky.

Carman James E. Smith attended the "Suggestion Meeting" in the superintendent's office, Jackson, Tenn.

Boilermaker and Mrs. G. A. Thomas have had as their guests Boilermaker and Mrs. Mate Seward of Jackson, Tenn.

Machinist A. L. Brown is on his vacation.

Laborer S. T. Morris is on his vacation.

Machinist A. T. Carter and family have left for Atlantic City, Philadelphia and New York to spend their vacation.

Fireman H. P. Allen is on his vacation which is being spent fishing, of course.

Engineer Carl Beaver went to Memphis and worked out of there a few days but he heard the call of Lake street and the Edgewood Cut Off so is back with us again.

Mrs. A. Matheny, wife of machinist, is busy these days getting her suitcases ready for a trip to Dallas, Texas to visit her sister.

Let's wear our safety toe shoes.

Engineers Boyd and C. M. Mathis have returned to work after a very enjoyable vacation.

Mr. Russco, general chairman for the clerks out of New Orleans had a meeting at the freight house office Friday night. The clerks of Fulton attended.

Let's wear our goggles to protect our eyes.

our eyes.

Miss Jane Huffman, daughter of Clerk and Mrs. E. E. Huffman left Wednesday morning for California. She will visit relatives there.

Mr. and Mrs. Harrell Hughes and son of Nashville, Tenn., have returned home after a visit with Telephone Operator and Mr. Alvin Brady. Mrs. Brady is better known to the IC employees as "Mae," and we will take this opportunity to say she is a wonderful telephone operator and is very efficient and is liked by all who worry her using their telephones so much. I am sure we worry her at time but we never know it because when she answers she always has the voice with a smile, which we all appreciate.

Ralph Crider is relieving Clerk-to-Car Foreman Gene Hoodenpile on his vacation.

Asst.-Elect Foreman W. C. Jacobs is in LaGrange, Ill., attending Diesel school.

Foreman V. J. Voegeli, Jr., and family visited relatives in Jackson, Tenn., over the week end.

Two transplanted Tennesseans certainly prefer working in the Blue Grass State. Of course we're speaking of Tom Cursey and Pete Laine. Perhaps this explains the close bond between the men. Tom is from Jackson while Pete was born in Lebanon, Tenn.

Jackson, that's short for hide the boot leg boys here comes the inspector or don't drop that keg of nails I don't have on my safety toe shoes. This may give you some idea of why young Tom left the home-stand.

However Pete's situation was more simple. All he did was marry the sheriff's daughter and now he's afraid to go back. Of course this is all ancient history to the shop gang. Just as a matter of record—leave us look at "laughing Thomas's birth certificate. Now what did I do with that old soap wrapper? Oh! yes, here it is. Born—why of course, in Milan, Tenn., May 13, 1903. Tom is the son of late Robert B. Cursey of Milan. However, Tom attended schools in Jackson and received his higher education at Union university and in 1920 hired out with the G.M.&O., as a machinist apprentice. Upon completion of this apprenticeship in 1924 he remained with the G.M.&O. as a machinist, until Sept., of 1925, at which time he hired out with the Illinois Central at Jackson. Then in 1931 he went to Dyersburg and in 1933 he came to Fulton as a machinist. In 1939 he went back to Jackson, Tenn., as a foreman and returned to Fulton in 1941 as a machinist inspector. Tom married Myrtle Wilcox of Jackson in 1924. They have two sons and a daughter. Their oldest son Jerry, who is a Seaman 2-c in the Navy. Jerry arrived Sunday night for a 15-day leave. He is a gunners mate on the USS Amphian.

Now for a quick look at Pete's past history. He was born at Lebanon, Tenn., Dec. 23, 1890 and is the son of the late John Laine, Confederate soldier and Tennessee gentleman. Pete attended schools at Lebanon before going to work for the Tennessee Central Railroad Co., as a fireman. In October 1924 he entered the service of the Illinois Central at Fulton. Pete married Bessie Burke of Lebanon in 1919 and they have one son, Paul A. Laine, Jr., who is a student at the University of Kentucky.

Car Inspector Louie Bard is on his vacation.

Car Inspector J. D. Lovelace is on his vacation.

Pledges Real Help For
Kentucky Farm People****E**ARLE CLEMENTS, candidate for the Democratic nomination for Governor, is a farmer and the son of a farmer. A letter from another Union County farmer, H. R. Norman, Route 4, Morganfield, pays Clements this rare tribute:

" . . . The first honest-to-goodness farmer to run for Governor in a good many years. He is not only a good farmer, but also a very high-class citizen who has the confidence and respect of all farmers in this county . . . He is not just a town man who owns a farm. He can do everything there is to do on the average farm, from driving a tractor, operating a cultivator, to vaccinating a hog.

"The farmers down here elected Earle as County Judge for two terms and he did a particularly good job. He got the county's money troubles straightened out and cut the debt in half. Earle has always been a leader in any movement for improving farm conditions, including soil conservation, Rural Electrification and better breeding for livestock."

In Congress Clements has:

1 — Sponsored the law which added 6 to 8 cents a pound to the price of dark tobacco.

2 — Helped, as a member of the House Agriculture Committee, in writing and enacting the Marketing and Research Act seeking new uses and markets for farm products.

Clements favors a stronger State Bureau of Marketing and pledges: "I shall put the State Government to work in the farmers' service."
